PharmLabs San Diego Certificate of Analysis

3421 Hancock St, Second Floor, San Diego, CA 92110 | License: C8-0000098-LIC ISO/IEC 17025:2017 Certification L17-427-1 | Accreditation #85368

Sample D8 2G Green Crack

mple ID SD230128-018 (60765) Mat		Matrix Concentrate (Inhalable Cannabis Good)			
Tested for A8 Industries					
Sampled -	Received Jan 27, 2023	Reported Feb 01, 2023			
Analyses executed QARUSH, CAN+, TER					

Laboratory note: The estimated concentration of the unknown peok in the sample is 49:95 mg/g | Currently PharmLabs laboratory can not confirm an unidentified peak in your chromatogram due to interference (only with highly concentrated D8 products) from which we believe to be either (+)d8-THC or d9-THC. At this time there are no reference standards available for (+)d8-THC. (+)d8-THC (+)d8-THC compound from the main (-)d8-THC concobination and, therefore, these two compounds may have different efficacies. Using the most advanced instruments and techniques available, the separation of (+)d8-THC and d9-THC is problematic for the scientific community as a whole. PharmLabs believes the unidentified peak to be a combination of (+)d8-THC with the majority, if not all, of the concentration being (+)d8-THC. Total d8-THC is estimated to be 99:65.01 mg/g.
